**Sen. Laura Toy makes statement on new Secretary of State
SUPER!Center to open at 6 Mile and Farmington Road in Livonia**

LANSING – State Sen. Laura M. Toy, R-Livonia, made the following statement on the new Secretary of State SUPER!Center branch office slated to open at 6 Mile and Farmington Road in Livonia on Dec. 27:

“We are proud that Livonia and western Wayne County will be home to one of only five SUPER!Centers in the state. I know that our office has worked closely with the Secretary of State and with city officials who have been interested in the new SUPER!Center coming to this location.

“People are busier than ever today. By offering extended hours and using new technology, this will be a more user-friendly, one-stop shop for customers. I think the residents of Livonia and western Wayne County will ultimately find the new SUPER!Center to be a much more convenient and efficient way to do business.”
